HealthPathways Evolution

And grew...
PATHWAY VARIATION = UNAVOIDABLE VARIATION + AVOIDABLE VARIATION
Pathway Variation = Unavoidable Variation + Avoidable Variation

Local Population Health
Local Service Availability
Local Interpretation of Evidence

"Local Reality"
**Pathway Variation** = **Unavoidable Variation** + **Avoidable Variation**

Unavoidable Variation:
- Local Population Health
- Local Service Availability
- Local Interpretation of Evidence

Avoidable Variation:
- Inadvertent Differences
- Local Stylistic Preferences
- Inadequate Pathway Review

"Local Reality"
Pathway Variation = Unavoidable Variation + Avoidable Variation

Unavoidable Variation:
- Local Population Health
- Local Service Availability
- Local Interpretation of Evidence

Avoidable Variation:
- Inadvertent Differences
- Local Stylistic Preferences
- Inadequate Pathway Review
